## Traits of Superior Pilots, an Insurance Perspective.

In the last decade Avemco® has made loss prevention a top priority through multiple programs, sponsorships and research initiatives. In this forum that is based on actual Avemco insurance claims data and loss prevention research you'll learn our findings on why some pilots are less likely to have accidents and what all pilots can learn to be more like them.

This year, you can watch most of the Oshkosh AirVenture Safety Seminars via the Web and get Wings Credit. See below for Webinar registration information.

**Directions:** FAA Safety Center Forum-EAA AirVenture 2012- next door to the air traffic control tower.
